Kids' Test Kitchen

Kids' Test Kitchen is on a mission to get all eaters cooking, tasting, and thinking about healthy ingredients! Let's continue to redefine kid food; one lesson, and one student at a time!

Each class presents students with an opportunity to explore new or familiar foods in their raw, unmanipulated state. Then, working as a team, we'll slice, dice, peel, measure, and cook until we've prepared the finished dish. At the end of class each student will receive the main ingredient, or a sample of the finished dish, and the recipe so that they can show off what they've learned!

Kids have food allergies, but they shouldn't miss out on the fun. We know allergies and can work around them, making sure that everyone is having fun and staying safe. ***Please clearly disclose all food allergies and/or dietary restrictions upon registration.**
